

CAUTION: Contents under pressure. Store and use at room temperature. Keep product and its vapors away from all sources of ignition. Do not puncture or incinerate container. Exposure to temperatures above 120° F (49° C) may cause bursting. If used indoors, provide adequate ventilation. Avoid breathing vapors and contact with skin and eyes.

FIRST AID: In case of **eye contact**, immediately flush eyes with a directed stream of water for at least 5 minutes while forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Get medical attention immediately. In case of **Inhalation:** Avoid prolonged breathing of vapors and mist. Use only in areas with sufficient ventilation to maintain vapor.

INGESTION: Do not induce vomiting. Call physician.

it works...Naturally!

Tangle-Trap® Sticky Coating,

Trap and Monitor Ants, Flies, Beetles

Re-coat or create your own traps

**For Gardens, Greenhouses, Yards,
Orchards, and Fields.**

KEEP OUT OF REACH OF CHILDREN

CAUTION: CONTENTS UNDER PRESSURE
SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

TANGLE-TRAP® STICKY COATING, is a specially prepared insect trapping adhesive that will remain sticky until covered with insects or foreign matter. This container will cover approximately 6.25 sq. ft. (.580 sq m) of surface area. Sticky traps are used to detect and monitor the presence of insects. Sticky traps can be made with waxed cardboard, glass, wood, plastic cups, plastic sheets or trap boards, empty milk cartons, red apple spheres or other oil resistant surfaces. Attractants can be used with traps to lure insects.

DIRECTIONS FOR USE:

1. Shake well before using and often during use.
 2. Spray upright 6" (15cm) from trap surface.
 3. Spray with a sweeping motion on trap surface.
- If spray head becomes plugged, clear by turning 1/4 turn, shake can and resume spraying. Place trap in desired location away from children and pets to avoid accidental contact. Mineral spirits or other cleaning solvents can be used to clean-up.

DISPOSAL: This container may be recycled where recycling is offered. If recycling is not available, wrap empty container and put in trash. Used traps can be disposed in the same manner. Manufacturer assumes no liability when product is not stored or used according to directions.
