

DESIGNED TO REFLECT ULTRAVIOLET AND FULL SPECTRUM SUNLIGHT FOR SCARING BIRDS AND PESTS

©2021 Dalen Products, Inc.
700 Dalen Lane, Knoxville,
TN 37932 USA

INSTRUCTIONS AND TIPS FOR BEST RESULTS: Includes enough parts to assemble 4 sets of 3 hanging disks. Assemble each set from top to bottom in the following order:

Hang Hook -> Key Ring -> Swivel Link -> Key Ring -> Reflective Disk -> Key Ring -> Swivel Link -> Key Ring -> Reflective Disk -> Key Ring -> Swivel Link -> Key Ring -> Reflective Disk

Choose a location that gets direct sunlight to maximize Full Spectrum reflection. Choose a location with a breeze so the swivel hooks can rotate in the wind. Each set of disks can hook in directly with another set if you want to extend the hang length beyond 3 disks.
