The ultimate organic solution for nurturing your prized tomato plants and bountiful vegetable garden. A handcrafted, specialty blend of eco-friendly ingredients.

| | |
|-----------------------|--|
| BROCHER | Holds with water and nutrient retention |
| COMPOST | Adds organic matter to help improve soil structure |
| CHICKEN MANURE | Quick release, for fast results |
| ROCK PHOSPHATE | A nutrient for roots, flowers, and fruits |

How to use

Apply once per month for best results.

FOR NEW PLANTS

POTTED PLANTS: Apply 3 Tbsp per gallon of soil (approx. 8 inch pot). Mix thoroughly into potting mix before adding to container. Set plant in pot and water thoroughly.

IN-GROUND TREES, SHRUBS & ORNAMENTALS: Apply 5 Tbsp and mix into the top 3-6 inches of the soil. Water thoroughly.

RAISED BED: Apply 1 1/2 cups per 10 sq feet of growing area. Mix into the top 3-6 inches of the soil. Water thoroughly.

FOR ONGOING CARE

POTTED PLANTS: Sprinkle evenly on surface around plant. Mix into top layer of soil around each plant, ensuring it does not touch the stem. Water thoroughly.

IN-GROUND TREES, SHRUBS & ORNAMENTALS: Apply 6 Tbsp and mix into the top 3 inches of soil. Water thoroughly. 3 lbs. bag covers 20 sq. feet.

RAISED BED: Spread 2 1/2 cups per 10 sq. feet of growing area and mix into the top 3 inches of soil around the plants. Water thoroughly.
