HOW IT WORKS

SNS Weed Rot™ is a Systemic Post Emergence Non-Selective Weed Killer. It works by removing the waxy layer and penetrates deep into the roots to stop the plant from taking in amino acids and nutrients.

DIRECTIONS FOR MIX

Shake concentrate before mixing. Start with 24 fluid ounces of concentrate and add 104 fluid ounces of water to make 1 gallon of Ready To Use. More or less of the concentrate can be mixed based on weed size, weed type and water quality. Mix final solution before use.

DIRECTIONS FOR USE

WeedRot™ works best on weeds less than 6 inches in height and smaller. Weeds larger than 6 inches may require additional applications or higher concentrated mixes. Spraying may be done 8 hours prior to rain or irrigation. You will notice weeds browning in 1 to 2 days of application and complete kill in 5 to 10 days depending on temperature. WeedRot™ should not harm higher order plants like trees, shrubs and vines when slight over spray contacts them, however some discoloration may be noticed.

Attention: WeedRot™ may stain surfaces, including asphalt and other materials that absorb oil. Please test spray in a small area before applying WeedRot™.

WEED KILLER

**CONTROLS STAR THISTLE, CLOVER,
SPURGE, DANDELIONS**

**Use in Herb, Vegetable, & Flower Gardens,
Greenhouses & Hydroponics**

PRECAUTIONARY STATEMENT

Use Eye Protection, Chemical Rated Gloves & Long Sleeve Shirt. Not intended for human consumption. Avoid contact with eyes and skin. Thoroughly wash all food areas and food materials contacted with soap and water. Do not use near heat or open flame. Store in cool location out of direct sunlight. Do not freeze.

FIRST AID

If in eyes, flush eyes with water for a minimum of 15-20 minutes. If on skin, wash skin with soap and water. If irritation persists contact a physician. Have the product container or label with you when calling a poison control center or doctor, or going in for treatment. Call poison control center hotline 1-800-222-1222 if over exposure occurs.

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Do not reuse container. Dispose in trash or offer for recycling if available.
